When your _____ don't work like they used to before
 And I can't sweep you off of your _____
 Will your _____ still remember the taste of my love
 Will your _____ still smile from your _____
 And darling I will be loving you 'til we're 70
 And baby my _____ could still fall as hard at 23
 And I'm thinking 'bout how people fall in love in mysterious ways
 Maybe just the touch of a _____
 Oh me I fall in love with you every single day
 And I just wanna tell you I am

CHORUS:

So honey now
 Take me into your loving _____
 Kiss me under the light of a thousand stars
 Place your _____ on my beating _____
 I'm thinking out loud
 Maybe we found love right where we are
 When my _____'s all but gone and my memory fades
 And the crowds don't remember my name
 When my _____ don't play the strings the same way
 I know you will still love me the same
 'Cause, honey, your soul could never grow old, it's evergreen
 And baby, your smile's forever in my mind and memory
 And I'm thinking about how
 People fall in love in mysterious ways

And maybe it's all part of a plan
 Well, I'll just keep on making the same mistakes
 Hoping that you'll understand
 REPEATS CHORUS
 REPEATS CHORUS

Oh baby, we found love right where we are
 And we found love right where we are
